

2020 CENSUS IS IMPORTANT TO EVERYONE

What Is the 2020 Census? The 2020 Census counts every person living in the 50 states, District of Columbia, and five U.S. territories.

The count is mandated by the Constitution and conducted by the U.S. Census Bureau, a nonpartisan government agency. The 2020 Census counts the population in all 50 states, the District of Columbia, and five U.S. territories (Puerto Rico, American Samoa, the Commonwealth of the Northern Mariana Islands, Guam, and the U.S. Virgin Islands). Each home will receive an invitation to respond to a short questionnaire—online, by phone, or by mail. This will mark the first time that you will be able to respond to the census online.

Your response matters. The census provides critical data that lawmakers, business owners, teachers, and many others use to provide daily services, products, and support for you and your community. Every year, billions of dollars in federal funding go to hospitals, fire departments, schools, roads, and other resources based on census data.

Your privacy matters. Every employee takes an oath to protect your personal information for life.

Counting Everyone.

Participating in the census is required by law, even if you recently completed another survey from the Census Bureau. A complete and accurate count is critical for you and your community, because the results of the 2020 Census will affect community funding, congressional representation, and more.

For the first time, in 2020 the U.S. Census Bureau will accept responses online. The process will be quick and secure. You can respond to the census in less time than it takes to finish your morning coffee. You'll still be able to respond by mail. To learn more about what to expect, visit 2020census.gov. #2020Census

For the first time, you can respond to the census online. Responding by mail will still be an option. Get more information: 2020census.gov. #2020Census

Every 10 years, the @uscensusbureau undertakes a mammoth task: counting all the people residing in the United States. This count affects the allocation of funding for our community's public resources (e.g., roads, hospitals, schools), how we plan for the future, and our voice in government. Learn more about the importance of the #2020Census and how to participate: 2020census.gov.

Did you know that the next census will take place in 2020? Responding to the #2020Census is our civic duty and affects the allocation of funding for our community's public resources, how we plan for the future, and our voice in government. To learn more, visit 2020census.gov.
